## To all of our IOMHS students,

We want to honor and thank each of you for all of your hard work, long hours, and continued efforts towards completing high school. We are proud of each and every one of you, and we know you all face your own struggles on a daily basis. We see, every day, the progress you make and we are excited for the young adults we are helping to prepare for graduation. As we come to the end of the first semester, we at IOMHS would like to offer our continued support to both our students and their families. Remember, when times get tough, keep your heads up and reach out to those that can help. Remain "Small but mighty!"

With love,  
the Indian Oasis Middle & High School Team
